

Pioneer Wagon Craft

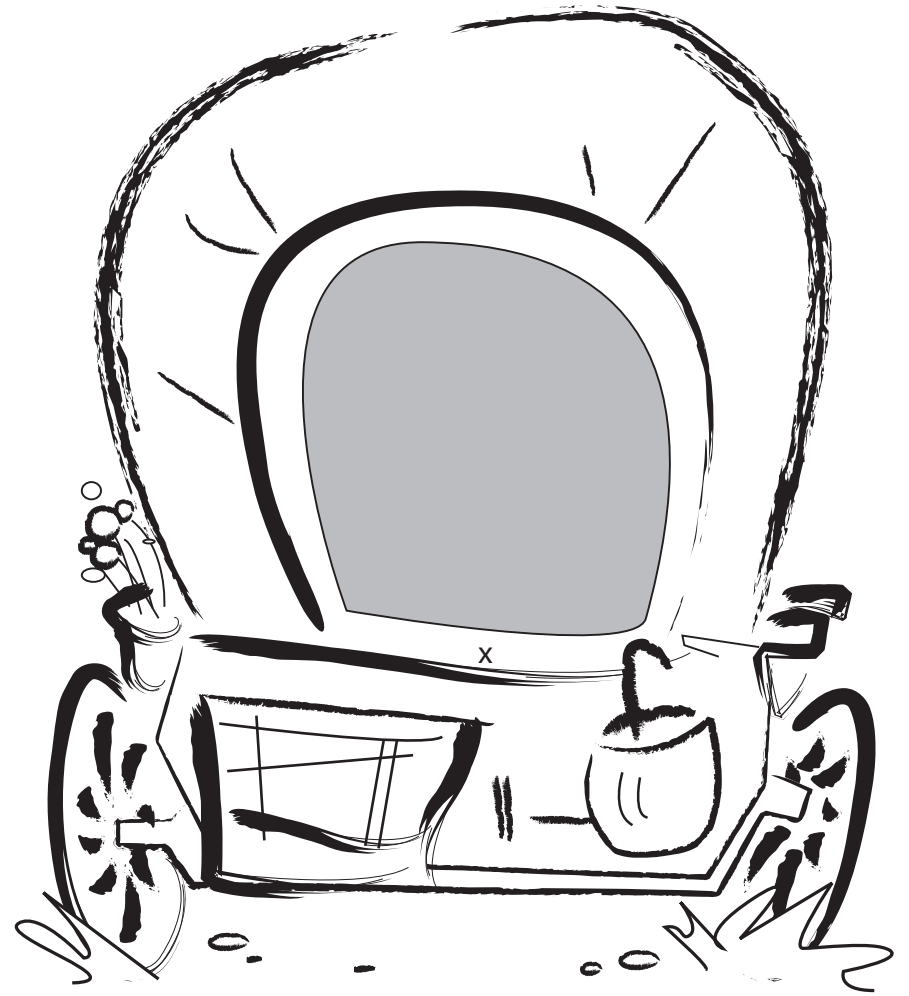

INSTRUCTIONS:

1. Color the wagon and scenery wheel.
2. Cut the paper in half along the dotted line.
3. Carefully cut out the gray area inside the wagon.
4. Cut out the scenery wheel.
4. Using a brad, or brass plated fastener, attach the scenery wheel behind the wagon so it can spin.
5. Teach about the experiences of the pioneers as they travelled from Winter Quarters to Salt Lake Valley.

Pioneers Experienced Many Things

Spin the wheel to see what a pioneer child may have seen on a trip west.
